SONAPHONE R

**SMART LEAK DETECTOR SENSING
RANGE UP TO 65 FT.**

SST Sonotec Multi Sensing Technology

Model SONOPHONE R

For ultrasound leak detection:

- ◆ Air, steam and vacuum leaks
- ◆ Condenser drains
- ◆ Roller bearing defects
- ◆ Cavities at pump/compressors
- ◆ Leaking valves, gate valves,
- ◆ Shutoff and taps inline systems
- ◆ Flash over and corona discharges
- ◆ Leak detection from transmitter

SPECIAL SENSING TRANSDUCERS:

- Air sound probe - pluggable
- Body sound probe - water-proof
- Body sound probe - special
- Flexible probe
- Directional tube with tip
- Parabolic probe with laser sight

ACCESSORIES:

- Special head phone set for high noise areas.
- Ultrasonic transmitter Sonaphone T
- Battery charger 85 - 255 VAC.
- Transportation case
- Manual
- Multiple probes for all applications
